GLOWmann

Efficient interior
light with a
modern aesthetic

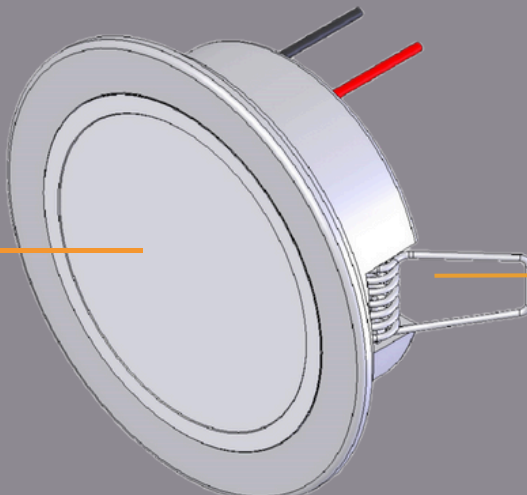

GLOWmann

Description

The GLOWmann is an elegant, round interior vehicle light designed for premium applications. It delivers a uniform, homogeneous light pattern in classic white and is also available in red/white or blue/white variants to create distinctive lighting accents. With an IP67 protection rating, it is fully sealed against dust and water ingress. Installation is flexible and straightforward, either via three small screws or two spring clips.

Characteristics

Evenly
diffused light

Mounting options
include either
three screws or
two spring clips

Certified according to UNECE regulations
No. 10

ADR approved

Protection class IP67

Voltage range 10 V to 30 V

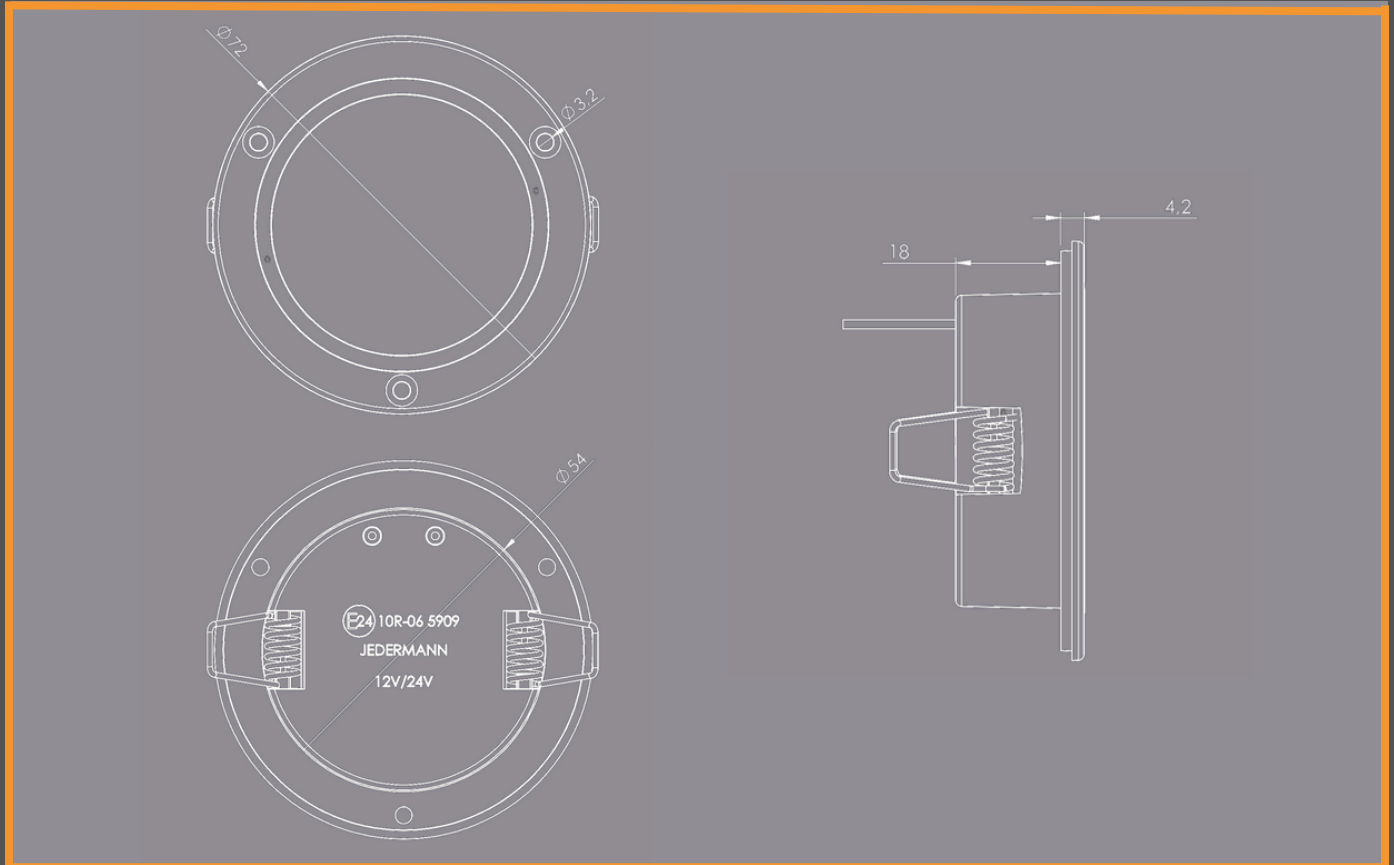

Operating temperature range: -30°C to +60°C
